MEMORANDUM FOR: Director of Security

FROM: Harry E. Fitzwater
Deputy Director for Administration

SUBJECT: Agency Policies on Drug Usage and Homosexuality

1. Recommendation 3 of the Inspector General's report regarding the Office of Security concerns itself with Agency policies on drug usage and homosexuality. While the recommendation calls for the DDCI to appoint a panel, chaired by the Director of Medical Services, to review this matter, the DDCI has deferred action until other measures are taken. He requests that the issue be resurfaced in June 1982.

2. Although action has been deferred, it is requested that you conduct a preliminary review of the Agency's policies with respect to drug usage and homosexuality as they pertain to our present hiring and retention practices. As part of your review, I suggest that you discuss this matter with appropriate individuals in the Offices of Medical Services and General Counsel in order to obtain their views on the effectiveness of our policies in these areas. After you have conducted this review it is requested that you provide me with a written report with your recommendation on or before 15 April 1982.
